

Specifications: **DGSB141R5**

10A 300V

5.08 mm

*Features:*

- Popular 5.08mm spacing
- Right angle wire entry
- Lever on same plane as wire entry
- Lever can be used by fingers
- Fast and efficient wire process
- 1 position modular blocks
- 2 pins per pole for stability
- No exposed metal parts

*Electrical:*

Current: 10A @ 300V  
 Wire range: 14 to 22 AWG  
 Withstanding: AC2000V/1 Min  
 IR: 5000M $\Omega$ /1000V  
 Operating temp: -40°C to +105°C

*Materials:*

Housing: PA66, UL94V-O  
 Wire guard: Stainless steel  
 Pin header: Brass, Tin plated
