

Specifications: **DGSB141V5**

10A 300V

5.08 mm

Features:

- Popular 5.08mm spacing
- Vertical wire entry
- Lever on same plane as wire entry
- Lever can be used by fingers
- Fast and efficient wire process
- 1 position modular blocks
- 2 pins per pole for stability
- No exposed metal parts

Electrical:

Current: 10A @ 300V
 Wire range: 14 to 22 AWG
 Withstanding: AC2000V/1 Min
 IR: 5000M Ω /1000V
 Operating temp: -40°C to +105°C

Materials:

Housing: PA66, UL94V-O
 Wire guard: Stainless steel
 Pin header: Brass, Tin plated
